MORROW'S MAJORITY 40,176, COUNT SHOWS

Previous Records Beaten, No Democrat In Years Equaled It.

By Robert D. Anderson.
The complete official returns in the recent gubernatorial race, made public at Frankfort yesterday, show that Edwin P. Morrow defeated James D. Black by a majority of 40,176 votes. The total vote cast was: Morrow 254,290; Black 214,114.

Mr. Morrow's majority is the largest ever given a Republican candidate in Kentucky. The total vote cast for him is considerably the largest ever polled by his party in this state. The total Republican vote in 1916, the previous record, was only 214,854. Republican leaders, many of whom are analyzing the returns carefully, see more significance in the size of the total vote cast for the respective party leaders than they do in Mr. Morrow's majority.

Result of Thoro Organization.
After making full allowance for the large number of Democratic and independent votes which were cast for Mr. Morrow, as a result of dissatisfaction with the state administration, many Republicans declare that the election result shows that the general assumption that Kentucky normally is Democratic is not warranted. The opinion is being expressed that the biggest factor in the result was the thoro organization which has been made by Chairman Chesley H. Searcy, and his colleagues of the Republican State Campaign Committee.

Mr. Searcy and his colleagues, in the recent campaign, organized the Republicans of Kentucky with the thoroughness that hitherto has been seen only in city politics. For the first time in history, it is declared, the Republicans were prepared to get their full vote to the polls. Similar organization in the future, Republican leaders are declaring, will keep the state in the Republican column as long as the party's public record remains clean.

McCreary's Record Broken.
The significance of the big vote cast by the Republicans can be seen by comparisons with former elections. The biggest vote cast in recent years for any Democratic candidate for governor was that polled by James B. McCreary, in 1911, which was 226,771. Mr. McCreary won by 21,000. If Governor Black, in the recent election, had received the same vote accorded McCreary he still would have been defeated by about 15,000 votes.

The biggest vote ever cast for the Democratic party in Kentucky was in the presidential campaign of 1916, when the highest elector, James P. Edwards, received 269,990 votes. The vote in presidential campaigns always is greater than in state elections, of course. In that year, too, there can be no question that many Republican votes were cast in Kentucky for the Wilson electors.

Majorities By Districts.
The official majorities by districts in the gubernatorial race were: Morrow—Third, 2,162; Fourth, 1,392; Fifth, 9,448; Sixth, 3,324; Ninth, 2,200; Tenth, 10,894; Eleventh, 25,174. Black—First, 7,879; Second, 590; Seventh, 5,479; Eighth, 389.

The Republicans are encouraged especially by the big vote and big majorities given in the Tenth and Eleventh Districts. The majorities in these two districts, they declare, are the result almost entirely of increased population and thoro organization. They are confident that similar majorities will be returned in future elections; and they can not see where the Democrats are going to get majorities to overcome them.

MAURINE PARKS SUCCUMBS.

Maurine, the eleven year old daughter of Mr. and Mrs. Walter H. Parks, died at the home of her parents here, Monday night, near 10 o'clock, after an illness of several weeks duration. Her trouble was originally obstructed intestines which was followed by an aggravated throat trouble, making it almost impossible to take nourishment without the aid of a tube for quite a long time. Her suffering was intense during much of the period.

Maurine was a bright, sweet-tem-

pered girl, much thought of by all who knew her. The grim reaper with his seemingly untimely scythe has indeed removed a tender and lovely flower, the like of which is of God's fairest creation.

After funeral services, conducted by Rev. R. D. Bennett, at the M. E. church, the remains were laid to rest in Oakwood, Tuesday afternoon.

COUNTY TEACHERS FEDERATION MEETS

The board of directors of the Ohio County Teachers Federation met at Hartford on Nov. 22 and perfected their plans for the meeting of the State Teachers' Federation, at Beaver Dam, on December 12 and 13.

The welcome address will be delivered by Prof. E. E. Tartar, of Beaver Dam.

Response, Supt. V. M. Moseley, Greenville.

"Purposes of Organization," Supt. E. S. Howard.

Then will follow a round table discussion of the subject.

Hon. E. P. Morrow, Supt. Colvin, R. P. Green, of the W. K. S. N. and Senator Baker are invited to attend.

The aim of the body is: To perfect a state organization to co-operate with the legislature to save our schools. A large attendance of Ohio county teachers is expected.

COLORED PEOPLE MARRY.

Wilbert Chinn and Evelyn Berry, of Beaver Dam, and Lem Taylor and Molly Nall, of this place, all colored, were married by County Judge, Mack Cook, in his office Saturday.

RED CROSS CHANGE.

Mr. E. G. Barrass, who has served as chairman of the Red Cross Civilian Relief, since its institution in Ohio County, has resigned. Mr. Barrass has done quite a lot of work first and last in the capacity as head of the organization, which position has carried with it no sort of remuneration.

Miss Elizabeth Moore, Secretary of the Civilian Relief, will remain in that position and will continue the work from the office of Messrs. Barnes & Smith, over the Republican office.

No successor has been selected for the place made vacant by the resignation of Mr. Barrass, nor are we advised as to whether it will be filled in the near future.

MRS. BURNS ENTERTAINS LADIES' SOCIAL CLUB

Mrs. O. T. Burns entertained the Ladies' Social Club in its bi-monthly meeting, in her home on Frederica Street, yesterday afternoon in a most pleasant meeting. Decorations were white and pink carnations. Several games of rook were enjoyed, at the conclusion of which a delicious luncheon, consisting of dainty salads was served.

Those present were: Honor guests, Mesdames L. S. Igleheart, C. E. Smith, Otto C. Martin and J. C. Bennett. Members, Mesdames, J. S. Glenn, Lyman G. Barrett, A. C. Porter, R. E. Lee Simmerman, R. T. Collins, E. E. Burkhead, E. G. Barrass, Hooker Williams, T. H. Black, W. S. Tinsley; Misses So, Ma Woerner, Lettie Marks and Mary Rowe.

YEGGS LOOT BANK VAULT OF \$100,000

Celina, O., Nov. 22.—More than \$100,000 in government bonds mostly Liberty issues, was secured by robbers who early this morning cut their way with an acetylene torch into the vault of the Farmers' Savings Bank at Rockford, ten miles north, and looted eighteen of sixty deposit boxes of the vault.

GOOD SHOWS COMING.

A great many of the people of and in the vicinity of Hartford have requested that we secure some first class shows to entertain them during the winter months.

For Saturday night, November 29, we have the Aeolian Trio. For the past two years these ladies have been employed by the war camps Amusement Committee and their entertainments are both refined and educational, the highest type in every respect. If you like a good musical and recital these Ladies can please you.

The admission is 28c and 55c, war tax included.

The Gorman-Ford stock company opens here Monday night for a week's engagement. Prices: Children 15c, Adults, 35c, war tax included.

HARTFORD OPERA HOUSE.

Mrs. Newton James Baxter, of Griffin, Ga., who has been the guest of her parents, Mr. and Mrs. Anthony Robertson, Hartford R. 7, and her sister, Mrs. A. C. Porter and Mr. Porter, of this place, has returned home.

BEADS ODDLY STRUNG

(By I. D. Claire.)

The naughty senate! It went and "broke the heart of the world."

The Owensboro tobacco market will open next Monday, and the prospect for fair prices looks exceptionally good. The one great danger is market crowding, which the growers should try to avoid.

The folks in Maine are not worrying over nation-wide prohibition. They have had state-wide for sixty years and know how to handle it. It is the states recently wet that will have to learn the ropes.

Strange things happen in a newspaper office. A few nights ago a man walked up to my desk and asked, "Do you want some news?" I assured him that news was a feature of the Messenger. He began, "Mary has a little lamb—" "No stale poetry goes here I interrupted, but he came back, "I ain't quotin' no poetry. Mary is Oscar Lamb's wife, and the baby was born yesterday."

David Belasco's great play, the "Boomerang," played recently at the Grand, coming directly from a three nights engagement at Macaulay's in Louisville. The author, amid a wealth of comedy, stripped to a skeleton the master passion Love. The man or woman haunted with a fear of an incurable case of heart sickness needs only to see the "Boomerang" to forever afterward laugh at the fiction harbored. It is curable.

One of the best editorials appearing in any newspaper in the country, recently, and I read many of them published from coast to coast, appeared last week in the Hartford Republican, relating to the recent fad of "Drives." The intention behind the drives is commendable, and they result in doing much good, but doing it very expensively. But nobody seems to think of relieving the distress of the wretchedness at his door. There is a tendency toward crown-wearing, banner-bearing relief to the needy in distant lands, but the volunteers for the unheralded relief for the misery at our doors are all too few.

Except for my wellknown, generous spirit it would have been a fatal mistake for Fluke to ridicule my prophecy about his river larks being done for, finally and forever, after the first of July last. If it was not for Fluke's wife, the best woman in all the world except my own, I'd belch forth the whole darned secret. Some things will keep, especially when hermetically sealed and a green stamp pasted over the cork, and Fluke is a right smart fellow to make provision ahead for a rainy day but, as I said, out of regard to his good wife I won't say a word, even in self-defense.

November 19 will be remembered as the Waterloo of President Wilson's aspirations for world ascendancy. He had planned for the presidency of the League of Nations, a sort of world presidency, the most seductive bauble that ever tempted the ambition of man since the world began. So anxious was he for this distinctive honor that many people believe he was led to compromise the independency of his country. Fortunately for the American people a senate, with little interest in Mr. Wilson's personal fortunes, preserved American independence, in one of the fiercest political battles ever waged at the national capital.

THEODORE RICHARDSON HIT BY M. H. E. TRAIN

Theodore Richardson, a deaf mute, was run down by a train on the M. H. & E., last Friday morning, about a quarter of a mile above Dukehurst. Richardson was upon the side of the road, walking on the ties just outside of the rails, so the trainmen state, traveling toward Dukehurst, and was caught in the cut, which is on a considerable curve, near there.

Richardson's head was rather badly lacerated, his body considerably bruised from his head to his hips and one bone of one of his arms broken, so we are informed by the doctors who dressed his wounds. He was brought here by the trainmen and later conveyed to the City Hospital, Owensboro, by automobile. His injuries are not thought to be of a

serious nature, although necessarily very painful, and a considerable length of time must elapse before recovery.

The injured man was considered to be unusually careful, and his being caught by the train is surprising to his friends, of which he has many, being widely known in this section.

A MAN WITHOUT A COUNTRY.

Mr. Simpson Barnett, who resides upon a farm which he owns, near the Locks on Rough River, is virtually a man without a country. Mr. Barnett has been told by some that his land, or the most of it, lies within McLean County, and by others that the larger portion of it is in Ohio county. Evidently the division line of the two counties passes through the farm, but no one seems to know just where, as the tract, if ever definitely established on the river has been lost.

Mr. Barnett has not been able to cast a vote in any National, State or county election for more than a quarter of a century. Should he be a resident of Ohio County, his voting place would be in the Heflin precinct and they have challenged and refused to allow him to exercise the rights of suffrage there. In case he is a citizen of McLean County, his place of voting would be Livermore and likewise his right to vote there has been questioned and denied him. For a number of years Assessors of the two counties have refused to list him for either property or poll tax purposes. He has repeatedly tried to get the Authorities to settle the question of his citizenship, but to no avail.

OHIO COUNTY TEACHERS MAKE GOOD IN OKLAHOMA

Misses Winnie and Muriel Wilson, daughters of Mr. and Mrs. Joe Wilson of this place, who are teaching in the schools of Delphie, Okla., under the law of that State were obliged to undergo an examination, the complete range of which embraced twenty studies and the young ladies came through with first grade certificates.

JURY COMMISSIONERS MEET.

Messrs. W. T. Howard, of Ralph, O. E. Scott of Prentiss and S. O. Keown, of Hartford, Jury Commissioners of the Ohio Circuit Court, in compliance with orders of the Court of the last session, met Monday for the purpose of selecting a list of 600 to serve as Grand and Petit jurors for the coming year. The Commissioners completed their work Tuesday.

MARRIED AT COURT HOUSE

Egbert Cambron and Ellen Greer, young people of near Adaburg, were married in the County Judge's office Tuesday, and Mack Hall of McHenry and Edna Hall, of Fordsville, were also married in the County Judge's office Monday, both ceremonies being solemnized by Judge Mack Cook.

OHIO CIRCUIT COURT IN 2 WEEKS SESSION

Docket Light, But 12 Petit Jurors So Far, Grand Jury Busy.

The Ohio Circuit Court, with Judge R. W. Slack presiding, convened in a two weeks session here Monday. The docket is unusually light, and void of cases of the average interest, which has made the attendance to date the smallest in years. Up to yesterday morning only twelve Petit Jurors had been chosen for the regular panel, and only one case had been heard by the Jury, that of Ellis Baize vs. G. W. Fought, Administrator, which resulted in a disagreement by the jury.

Several cases have been up for hearing by the Court, mainly upon motions and argument of Attorneys.

The following named persons compose the one panel of the petit Jury: Dud Morris, W. B. Heflin, John Nall, Milton Park, Sherman Frame, P. L. Wood, Floyd Baize, Wm. Hines, J. D. Holbrook, Henry Beedle, B. L. Boyd, and A. L. Maddox.

Those composing the Grand Jury are as follows: J. W. Finley, John Bell, M. L. Shultz, W. A. Webster, Lefe Grant, D. H. Muffett, John Goff, J. R. Addington, Joe Hocker, P. B. Taylor, Charlie Davidson and Robinson Ashby.

ROBERT C. OWENS ON 6 HOUR DAY, 5-DAY WEEK

Editor Republican,

Dear Sir:—I notice in your paper of Nov. 21 an editorial in regard to the six hour day and five day week proposition. The miners will agree that the Lord worked six days in the creation and he completed his work and turned it over to man. But digging coal is still going on, furthermore, the Lord was working for himself and didn't need a contract as miners do, because we read where the earth and fulness thereof belongs to the Lord, so this explains why he didn't need a contract, while the coal we mine is property of someone else. Contracts are necessary. We found no record in the Bible, even in the days of Christ, where any one dug coal, as his disciple were fishermen. We are lead to believe if they dug anything at all it must have been bait and each man got the full product of his toil. The miner has never said he was going to sit down when he comes out of the mines for there are things he can do around his home that will occupy the most of his time, and we don't believe that there is an editor in Kentucky if he could print all the papers he could sell in six hours that would continue running his press just because he had the time. And listen to this, it is also written in your law that the testimony of two men is true—St. John 8-17, and we have 425,000 United Mine Workers who have testified that 8 hours is too long to be under the ground, even if you are dead.

DISCHARGE IN BANKRUPTCY.

In the District Court of the United States for the Western District of Kentucky, In Bankruptcy.

In the matters of J. H. Addington, a Bankrupt.

On this 21 day of November A. D. 1919, on considering the petition of the aforesaid bankrupt for discharge, filed on the 7th day of October, A. D. 1919, it is ordered by the court that a hearing be had upon the same on the 10th day of January, A. D. 1920, before said court at Louisville in said district, at 10 o'clock in the forenoon, or as near thereto as practicable, and that notice thereof be published one time in The Hartford Republican, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

WITNESS the Honorable Walter Evans, Judge of said Court, and the seal thereof, at Louisville, in said district, on the 21st day of November, A. D. 1919.

COURT'S DECISION HELPS KY. SCHOOLS

\$417,928 Added To Fund From Bingham Inher- itance Tax

Frankfort, Ky., Nov. 21.—The State school fund will get eighteen and a half cents of the entire inheritance tax on the Bingham estate and the roads, University and Normal School will share in proportion to the levy for their support in the general tax law.

The Court of Appeals this morning reversed the Franklin Circuit Court and held that State Auditor Green must pay into the State school fund eighty-four per cent of the inheritance taxes collected and not distributed.

Attorney General Morris took the case that under the law inheritance taxes went only into the fund for the general expenses of the Government.

State Supl. Gilbert brought the suit to collect \$417,928.50 inheritance taxes he claimed were due the school fund and the Court of Appeals sustained his contention.

Under this ruling only fifteen per cent of the Bingham tax can be applied to the payment of the State debt, that is the amount of the levy for general expenditures.

Only a Cold.

Are you ill? It is often answered—"What? It's only a cold," as if a cold was a matter of little consequence. But people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

"I am a believer in unions. I am an honorary member of one union. But the union must obey the law, just as the corporation must obey the law. And as every man, rich or poor, must obey the law. As yet no action whatever has been called for by me, but most certainly if a riot is called for by me I shall try to do exact justice under the law to every man so far as I have power, but the first essential in the preservation of law and order."—Theodore Roosevelt to striking teamsters in Chicago in 1905.

Irregular bowel movements lead to rheumatic constipation and a constipated brain fills the system with impurities. Herbine is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine, vigorous condition. Price 60 c. Sold by Ohio County Drug Co.

THESE ALSO SERVE

BY CONTRIBUTION

"We regard those who contribute to the Salvation Army Home Service fund as no less a part of the army's front of work than the ones who wear the Salvationist's Uniform," says Geo. H. Campbell, State Director.

"Without the aid of the good friends who contribute and assist in our campaign, the Salvation Army would be unable to effect the great work which it is daily pressing forward in all parts of America. The campaign friends we find all over the State are indeed sharers in every blessed thing that the Salvation Army accomplishes."

A Rat That Didn't Smell After Being Dead For 3 Months.

"I swear it was dead at least 3 months," said James Sykes, Butcher, Westfield, N. J. "We saw this rat every day. Put a cake of RAT-SNAP around a barrel. Months later my wife asked about the rat. Remembered the barrel, looked behind it. There was the rat—dead, not the slightest odor." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by J. F. Casebier, Acton Bros., Taylor's Drug Store, Williams & Duke.

"BALLY" MAKING

EVERY CENT COUNT

A great many people who administer their charities with an unusual wisdom of the institution which they are asked to support are among the farthest contributors to the Salvation Army Home Service Fund now being raised.

Those people who have made a study of human need and the institutional efforts society is making to meet it know that the Salvation Army makes every dollar count. There is no fund wasted in expensive investigations and departmental "red tape" proceedings. The Salvation Army has been familiar with want and poverty so long to be doubtful as to the merits of any case which comes under its observation.

For an immense effi-

ciency in the administration of the Salvation Army's funds and those givers who apply to it the same good judgment which they exercise against any business transaction subscribe without question to the Salvation Army because they know that their money will always do a full day's work when administered by these devoted and unselfish Christians.

SALVATION ARMY CAMPAIGN GETS HEADWAY HERE

Rural Kentucky is boiling with Salvation Army enthusiasm and over the State generally the Home Service campaign of the Salvation Army is gathering headway.

Strong campaign organizations have been perfected in many counties, and are already briskly at work. Central and western Kentucky is most active at present, but it is the intention of the Salvation Army to have campaigns either over or well under way all over the State by this time next month.

The public throughout the nation is splendidly recognizing the importance of the Salvation Army in this period of after war reconstruction.

"That each county quota be raised is important," says Geo. R. Campbell, State Director, "because the Salvation Army does not ask more than it actually needs. It is not trying to accumulate a great and idle fund. Every day it puts the dollars that are given it into a regeneration of humanity. It is making better citizens and happier families in all American cities."

James Watson Says, "I'll Never Forget When Father's Hogs Got Cholera"

"One morning he found 20 hogs dead and several sick. He called in the Vet., who after dissecting a rat caught on the premises, decided that the rodents had conveyed germs. Since then I am never without RAT-SNAP. It's the surest, quickest rat destroyer I know." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by J. F. Casebier, Acton Bros., Taylor's Drug Store, Williams & Duke.

WHAT ARMY CENSOR FOUND IN THE MAIL

One of the greatest testimonials that the Salvation Army ever received is contained in a letter from a United States Censor on the job in Europe. He says:

"Out of 200 letters picked up at random, 180 were from men who admonish relatives and friends in America to exert themselves on behalf of the Salvation Army, because of its splendid service at the front."

Neuralgia of the face, shoulder, hands, or feet requires a powerful remedy that will penetrate the flesh. Ballard's Snow Liniment possesses that power. Children Cry FOR FLETCHER'S CASTORIA

Reports that the graves of American soldiers in France are being neglected follow one another with depressing regularity. HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARY BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal. If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is a year's service.

U. S. COURT UPHOLDS 2.75 PER CENT BEER

St. Louis, Nov. 21.—On the ground that beer of 2.75 per cent alcoholic content is not intoxicating, Judge John C. Pollack, of the U. S. District Court, today handed down a decision granting a temporary injunction to restrain the U. S. district attorney and the collector of internal revenue from interfering with the manufacture and sale of such beer by St. Louis brewers.

Judge Pollack's decision, while confining itself to a ruling on 2.75 per cent beer, calls attention to the fact that war was being waged at the time the constitutional prohibition amendment was submitted by Congress to the state legislatures and that Congress at that time did not attempt to arrogate to itself the passage of a prohibition act as a war measure. The state legislatures voted on ratification, the decision said, on the promise of Congress that after the necessary number of states had ratified the amendment, a year would be permitted to lapse before it should be enforced by the government. Congress therein recognized the rights of the states, even in war the manufacture of beer containing more than one-half of 1 per cent alcohol.

Elihu Root, counsel for Ruppert, charged prohibition advocates in Congress with taking advantage of the "year of grace" allowed by the constitutional amendment and which he said "came very near" being a contract between the Congress and the states, and with having "heekled and harried" the liquor interests while attempting to shove forward national prohibition a few months under the pretext of the war emergency. Mr. Root also deplored the granting of unlimited power to the federal government.

In attacking the validity of the war-time prohibition act, William D. Guthrie, appearing also for Ruppert, asserted the "mere fact that some American troops were still abroad did not expand or increase the powers of Congress," and that the act was obsolete, as demobilization had been completed and the war ended.

MEXICAN INTERVENTION WOULD TAKE BIG ARMY

Washington, Nov. 21.—State Department officials in discussing the Mexican situation today disclosed that three years ago the army general staff estimated that an army of 450,000 men and three years would be required for complete intervention in Mexico.

Officials did not say what the present estimate of the general staff was, but it was understood to be less than that prepared before the world war, due to the development of new instruments of warfare and an enormous increase in American war materials of all kinds, particularly motorized transports, airplanes and artillery.

Discussing the case of William O. Jenkins, American consular agent at Puebla, who was rearrested last Tuesday on charges in connection with his abduction by bandits, officials said because of the Mexican Government's laxity in trying to put down the revolution it had failed to give proper protection to Jenkins and that consequently he might have ground for claim against Mexican Government for the ransom money paid to his captors.

A Lady in Chicago Telegraphs for Rat-Snap.

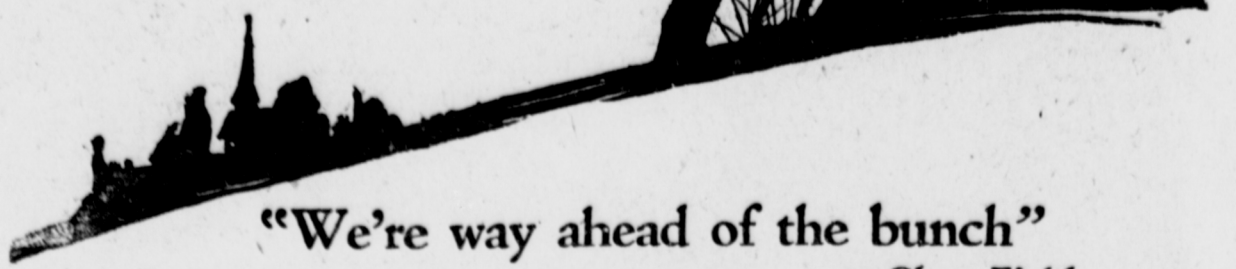

Read Mrs. Phillips' wire: "You-ell's Exterminator Co., Westfield, N. J. Rush \$5 worth of RAT-SNAP." Later received the following letter: "RAT-SNAP arrived. It rid our house of rats in no time. Just moved here from Pa., where I used RAT-SNAP with great results." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by J. F. Casebier, Acton Bros., Taylor's Drug Store, Williams & Duke.

ROOM FOR SHOUSE AS SUCCESSOR OF GLASS

Washington, Nov. 21.—Jouett Shouse, Assistant Secretary of the Treasury formerly of Lexington, is being strongly boomed to succeed Carter Glass, when the latter retires as secretary of the Treasury. It was learned from reliable authority today.

Telegrams and letters have been received at the White House from Kansas, the Seventh district of which

If you want to play a winner, sure thing—
put your money on Chesterfield.

In less than three years, more than three million smokers have become Chesterfield fans.

And no wonder! Never were finer tobaccos used in any cigarette. The silkiest leaves of aromatic Turkish and the choicest of ripe, sweet Domestic stock are put together by an exclusive blending method that brings out a new deliciousness of flavor.

"Satisfy"? Right down to your toes! Chesterfields have put added enjoyment into every puff—enjoyment that you don't get and can't get in any other cigarette because the Chesterfield blend can't be copied.

State Mr. Shouse represented in Congress previous to this present position, and from Missouri and other Middle Western States, urging his appointment.

Both Kentucky Senators and a number of the Bluegrass State's congressional delegation also have received telegrams from their constituents urging that Mr. Shouse be promoted.

Mr. Shouse was born at Midway, Woodford county, and until 1911 was a resident of Lexington.

MASTER COMMISSIONER'S SALE.

Amanda Griffin, Plaintiff, vs. Notice of sale.

Nannie Ruth Nail, et al., Defendants. Pursuant to a judgment and order of sale rendered in the above styled action at the September, 1919, term of the Ohio Circuit Court, directing me as Master Commissioner of said court to sell the hereinafter described land, for the purpose of first paying the cost of this action, together with the cost of this sale, and dividing the remainder of the proceeds among the parties entitled thereto, I will offer for sale at public outcry to the highest and best bidder, at the Court House door, in Hartford, Kentucky, on Monday, December 1st, 1919, at 12:30 o'clock (it being the first day of the regular term of the Ohio County Court) on a credit of six months, the following described real estate situated and being in Ohio County, Kentucky, near the town of Hartford, and bounded as follows:

Beginning at a stone, a corner of the W. H. Miller lot in S. K. Cox's north line; thence East with Cox's line to his N. E. corner; thence N. 210 feet to a stone; thence W. with the east line of the W. H. Miller lot; thence S. with said line to the beginning containing two acres, more or less.

The purchaser will be required to execute bond with security to be ap-

proved by the commissioner payable in six months bearing interest at the rate of 6 per cent from date until paid, having the force and effect of a judgment. A lien will be retained on the land sold as additional security.

Given under my hand as commissioner of the Ohio Circuit Court this 10th day of November, 1919.

What you pay out your good money for is cigarette satisfaction—and, my, how you do get it in every puff of Camels!

EXPERTLY blended choice Turkish and choice Domestic tobaccos in Camel cigarettes eliminate bite and free them from any unpleasant cigarettey aftertaste or unpleasant cigarettey odor.

Camels win instant and permanent success with smokers because the blend brings out to the limit the refreshing flavor and delightful mel-

low-mildness of the tobaccos yet retaining the desirable "body." Camels are simply a revelation! You may smoke them without tiring your taste!

For your own satisfaction you must compare Camels with any cigarette in the world at any price. Then, you'll best realize their superior quality and the rare enjoyment they provide.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

The Farmers' Loose Leaf Tobacco Warehouse—Owensboro's Big New Warehouse

Opens For Business

THE LATTER PART OF THIS WEEK

This will be one of the greatest tobacco warehouses in the entire west end of the state—covering over 42,000 feet of floor space with a selling capacity of one-half million pounds daily.

Aside from this it is modern in every particular—furnishing plenty of room, the best lighted house in Owensboro and practically fire-proof. An added feature is we have a stable convenient for you to hitch your team or leave it over night, and we will have a man at the stable day and night to look after your teams and belongings. You don't have to come up to town to get a place to leave your team at night. We assure you courteous treatment and the highest prices available at all times. Bring us your first load of tobacco.

Our house is owned and operated by farmers of Daviess and adjoining counties.

FRIDAY, NOVEMBER 28

The drop in stocks and bonds have
no interest whatever for us, what we
are deeply concerned in is pork, po-
tatoes, beans and a few other such
insignificant items. Stocks and such
like, to a newspaper man, are only
mythical objects at best.

The announcement by Governor
elect, Morrow, that Major J. M.
DeWeese would head Kentucky's mil-
itary establishment as Adjutant Gen-
eral, and that Hon. Alvis S. Bennett
would be appointed to a place on the
Workmen's Compensation Board will
meet with the unqualified endorse-
ment of people of all political parties
not only in Ohio County but wherever
the appointees are known.

We are not pretending to say that
under our management, this paper is
ever very good (and I guess the ma-
jority of our readers will move to
scratch out the word "very") but we
have tried our best to make it in
five days this week in order to let
the force off thanksgiving for a hol-
iday, which happens to be our press
day. Thursday is the one day of
the week in which we gather the larg-
est part of our local and county hap-
penings. Hence we are one day late
with our weekly record, and by that
much worse than common.

The calling, or business, or maybe
its a game, of newspaper editing is
one of queer parts and singular
attractions as manifested by the
average reader. A man may spend
tedious hours in reducing to writing
his soul's best thought, no one with-
out such experience may recognize,
so it seems, his honest and most
conscientious endeavor. He occupies
about the same roll as did the man of
whom John complained to Christ,
the one who casting out evil spirits
in the name of Christ and who was
not of their company, not a member
of their organization. Yet you may
meet a dozen who will have a compli-

ment for some frivolous or foolish
paragraph seen in your alleged "fun
column."

The Peace Treaty may be dead, of
that we are not at all prepared to say.
Politics may have had a large hand
in shelving it, but considering that
every person connected with it acted
according to their honest convictions,
President Wilson displayed rather
poor politics when he took upon him-
self the sole duty of making the pact
in which more than one hundred mil-
lions of Americans were vitally in-
terested, when it was a well known
fact that more than one half of the
people did not belong to Mr. Wilson's
political party. It would have been
so easy to have had a couple of rec-
ognized leaders from the opposition on
the commission and thereby pacified
everybody, or at least the enormous
majority of all.

If Kentucky does not have the best
Football team in the world no one
can successfully deny it, because
during the present season Centre
College stands undefeated. In fact,
we believe that she has won every
game played, in the last three years,
with one exception probably. She
has defeated West Virginia, the team
that beat Princeton in a decisive
manner. Princeton held Harvard to
10-10 tie and Harvard defeated Yale
19 to 3. Center humbled Kentucky
State 56 to nothing and did the same
thing to Depauw University last Sat-
urday. If we do not have the best
in the world in the way of football,
this year, we will probably never be
disillusionized, as the season is now
over and the big champions of the
East and West don't appear to desire
to play a post-season game for dis-
puted titles.

Our Friend, Robert C. Owens, of
McHenry, a United Mine Worker, of
America, and by-the-way, we wish to
state that just about 99 times out
of each 100, or perhaps oftener, we
are, or have been for labor, because
our folks are laborers and we are
ourselves a laborer, has a short article
in this week's issue on the editorial
squib of last week with reference to
the Lord working a full day &c. We
do not care to discuss further, and in
fact the article did not attempt any
discussion, but was rather in the
nature of a "pun," the question of
the soundness or unsoundness of the
proposition of everybody working
only six hours a day and only five
days out of the week. We do wish
however to ask our friend Bob to
read the little article in this issue
under the caption "Suppose Farmers
Strike" clipped from Successful
Farming. Only one paragraph in the
communication would we call special
attention to, that is where Mr. Owens
says "We don't believe there is an
Editor in Kentucky, if he could print
all of the papers in six hours he
could sell, would continue running
his press just because he had the
time." Now if Mr. Owens will spend
a week here with us, in this office
he will see one alleged Editor, one
who is trying to edit one Kentucky
paper, who puts in not less than 65
hours every week, trying to get ready
for presses that run only three hours
out of the week, and we imagine that
Mr. Owens makes as much money in

about three days as we receive for the
week. Yes there is one thing in the
letter we must take issue with Mr.
Owens on, that is where he says the
"Lord was working for himself when
he put in the six days in building the
earth." We must say that in our
humble opinion the Good Lord was
laboring for all of mankind, because
he had no use for the earth, except
for United Mine Workers to dig coal
out of, the farmers to scratch the
surface and produce food for the fel-
low working below, another to build a
railroad on which to carry the coal to
market and bring the food produced
by the farmer to the miners' door, to
contain rivers and ponds for his disci-
ples, editors, miners, farmers and ev-
erybody so inclined, to fish in.

The Louisville Times in a lengthy
editorial, in a recent issue, scores
Senator Lodge and those who op-
posed the peace treaty without reserva-
tions—and it looks to us like the
majority of the Country likewise op-
posed it from the way it votes when
given a chance—and then in the same
article sets out four probable rea-
sons, which, as it says are Wilson's
four great blunders, first of which
was his partisan appeal for the elec-
tion of none but democrats in last
year's election, which appeal it says
was repudiated by the people—that
ought to have slowed the President
up a bit, but it did not—second, he
went to Paris, which events saved
the world from a fresh European war,
but he took with him a hand-picked
commission on which the great Re-
publican party was unrepresented. He
could have confounded the plans of
Lodge with Taft or Root or Wicker-
ham, or all three of them, but he
unwisely defied those plans. Third,
the President when he returned in
March could have forced the Senate
leader to support him by taking him
and his committee completely into
his confidence, asking their advice

and their aid. Instead, due in a
large part to his fear that publicity
would set all Europe by the heels,
he chose to continue his solitary pol-
icy etc. We believe that the Times
is near the truth in the above state-
ments. Blunder number four, was
when he, the President, declared
that the treaty SHOULD be ratified
without reservations and that HE
would not agree to any—In other
words I don't give a tinker's damn
what you fellows see in it objection-
able, in conflict with the constitution
and in your honest judgment contrary
to the very best interest to the Na-
tion, you simply HAVE to take it as
I want it and so far as I am concern-
ed, as to your views, you may be
hanged. The Times probably gives
sufficient reason to cause the ma-
jority of red-blooded Americans to
resent the President's acts. But
aside from those reasons, what is the
Senate for? If it does not have a mind
it may call its own lets abolish it
and save that much cost to the Gov-
ernment. Hasen't it a right to some
opinions, other than those soaking
out from the brain of Woodrow Wil-
son?

If There Were But One Edison Instrument In All the World

it would be the property of the nation, enclosed within granite walls and guarded as one of its most priceless possessions. People would cross continents for the privilege of hearing its marvelous renditions of artists' voices or instrumental performances. But because the resources of modern science permit its production in quantity and its sale at a reasonable price, you take it for granted.

As a matter of fact

THE NEW EDISON

"The Phonograph with a Reputation"

is one of the greatest achievements of modern science. It RE-CREATES the artists' voice on instruments with such complete fidelity that no human ear can distinguish the two renditions: that of the living artist from that of the New Edison.

More than 1500 tone tests have been conducted to demonstrate the truth of this claim. More than 2,000,000 people have heard the living artist sing in direct comparison with his own voice on the instrument, and in not one instance could a listener say when it was the artist he heard and when the New Edison. No other instrument has ever been subjected to this searching test.

Write us if you want to hear a demonstration.

A YOUNG WOMAN AT FIFTY or AN OLD WOMAN AT THIRTY

Women who use New Form of Liquid Iron to build up and enrich the blood possess real secret of Youth

The real difference between an old woman of thirty and a young woman of fifty is one of health and bodily vigor. The secret of Youth is nothing more mysterious than this. The blood is perhaps the most important factor in maintaining health in women. You need no other evidence than to look around you among the women of your acquaintance. The sick and ailing and pale are anemic, listless and colorless—the lack of rich red blood is plainly apparent in their appearance.

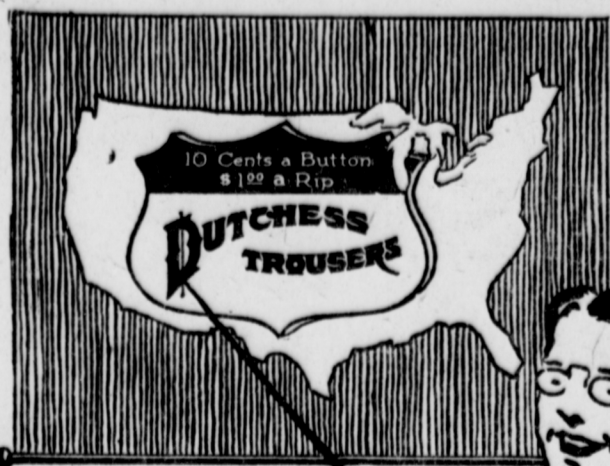

The woman whose blood is healthy and full of vitality always has red cheeks, a good complexion and a body that is supple, active and tingling with energy.

For Sale by OHIO COUNTY DRUG CO., Incorporated, Hartford, Ky. PARSONS & SCOVILLE, Bowling Green, Ky., Distributors.

The most important thing the blood needs to enrich it and enable it to carry life and vigor to all parts of the body is Iron.

And the most successful and reliable method of putting this great essential into the blood is through the use of a natural form of soluble iron, known as Acid Iron Mineral. Thousands of women have found health in this way, and have been able to retain the attractiveness of youth in spite of the advancing years.

Acid Iron Mineral contains no alcohol or injurious drugs—it will not blacken the teeth, and druggists will refund the purchase price if you are not satisfied with the improvement it brings.

Peck's Bad Boy will appear at the Beaver Dam Opera House Monday night. This is said to be a show of unusual merit, and should draw a full house.

Monday resembled the old-time first day of Circuit Court in as much as Doc. Casseday, who for years made this town as regular as Court commenced, in the interest of some sort of patent medicine concern, was here in full strength. The Doctor's mission at this time was purely one of advertising and from the crowd around him at times we judge he had the usual, old-time success.

SIGHT RESTORED TO THE ALMOST BLIND

Mr. G. R. Fulton, Wysox, Ky., could hardly see how to travel on the highway by day. He tried two Specialists and one doctor, who fitted glasses, but his sight was not improved. He went to J. B. Tappan and had his trouble corrected. Now he can read a newspaper, travel at night and says he would not take a farm for his glasses. You will do a lot of reading these long winter nights, don't strain your eyes with poor glasses but come in and have the correct glasses fitted to them. A blind man would be willing to pay a million dollars for a good pair of eyes if he had the money.

FARM DEPARTMENT.

Why Eggs Should Be Canded.

1. Canding provides a fixed standard for trading by doing away with guess-work.
2. It makes possible a fair price to the careful producer of good eggs.
3. It shows who is responsible for the bad eggs, and who wastes food.
4. It leads to a general improvement in quality.
5. It conforms to law.
6. It saves freight charges, transportation space, and case material by eliminating the handling of worthless products.

Feed to produce one dozen eggs cost 10 cents with pullets, 14 cents with 2-year-old hens and 19 cents with 3-year-old hens, in a 3-year feeding test conducted by poultrymen of the United States Department of Agriculture. These were the cost figures of feed at the time of the experiment, which began in 1912, and must be corrected to present prices.

If the surplus cockerels, not needed for the breeding flock next spring, have not yet been marketed, dispose of them now; also market the old hens as soon as they stop laying.

Suppose Farmers Strike.

The farmers keep their heads when all others fly off the track. We ask city workers to ponder a moment what might happen if the farmers should do what the workers are doing—demanding shorter hours and higher pay. The farmers are their own bosses so they would not have to quarrel with anybody. They could hold out on strike until they got good and ready, for they can feed themselves.

You working city fellows, suppose for a moment that the farmers adopted the eight hour day. It would cut down production at least one-half. Suppose they also set a price on their labor and their products based on an eight hour basic scale. Where would you get your food? Only the rich could buy it at all, for the price would be prohibitive to men on strike. If the cost of living is too high now, how will lessened production affect it? How will increased cost of production bring prices down? You live now because the farmers have gone on producing, working nearer sixteen hours a day than eight hours. You can buy food because the farmers have not gone on a strike, have not ceased to produce, have not cornered the market and said "we demand so much for our products or we won't work."

If you city workers expect the farmers to go on feeding you at the old price you have got to get back to work at the old wage and make it possible for the farmer to buy cheaper so he can produce cheaper. This is not a one-sided game. It takes two to play it and if you city fellows

quit, don't get sore if you go hungry soon. Either the farmers must do as you are doing, shorten the hours and demand higher pay, or else you must lengthen the hours and produce more without more pay.

The farmers have been patient with you. When they lose their patience you had better look out. You have already taken their help. If they quit too, who is going to feed you. What city workers have in common with farmers is not so much political as economic. What are you going to do about it?—Successful Farming.

Public Road Betterment Will Help Land Values.

Wherever public roads are improved the general tendency is for the value of adjoining farm lands to increase. This is a practical consideration which promoters of better highways point out should not be overlooked, for it means that money wisely spent on the thoroughfares is an investment paying good returns. Investigations by the U. S. Department of Agriculture show that the value of land adjoining certain highways experienced marked increases in value after improvements in the roads were made. By comparison with similar land on roads which had not been improved it was manifest that the betterment of the highways was a principal factor in the rise of land prices.

Good Roads Aid Marketing.

The farmer interested in hauling his produce to market in the most economical fashion can not afford to overlook the benefits derived from good roads. Investigation before and after the improvement of certain highways shows that the cost per ten-mile was practically cut in half by reason of the betterment of the road. In other words, good roads mean a big reduction in that part of overhead which covers hauling—and hauling of some sort is being done practically the year round.

With the growing scarcity of feeder cattle and the advance in value of farm lands, says the United States Department of Agriculture, the baby-beef industry is of increasing importance and is receiving the attention of farmers in all live-stock sections of the country. Farmers' Bulletin 811 discusses the various phases of producing baby beef for market.

Dried Fruit To Australia.

The United States has built up an increasingly large trade in dried fruits with Australia, especially with New Zealand, where the exports from the United States have increased from 3,325,215 pounds in 1914, to 9,295,928 pounds in 1918, or 177 per cent. A table in a recent report

on foreign markets of the United States Department of Agriculture shows that raisins are the largest item in this total, prunes second, and apricots third.

Hog raisers, says the United States Department of Agriculture, should be well posted as to the nature and prevalence of hog tuberculosis and how to prevent and get rid of it, so that financial losses may be avoided. Farmers' Bulletin 781 is devoted to a discussion of the subject.

Much Argentine Wool Bought Here.

The United States is Argentina's best customer for wool, according to the Bureau of Markets, U. S. Department of Agriculture. For the wool season of 1915-16 Argentina exported 152,598 bales to this country, or 51 per cent of Argentina's entire exports of wool. For 1916-17 the United States took 225,467 bales, or 64 per cent. For the 1917-18 season 299,528 bales, or 73 per cent, were shipped to this country.

Children Cry FOR FLETCHER'S CASTORIA

This Means You.

When you get up with a bad taste in your mouth, a dull tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion.

Radio stations which have been developed and used by the government for the purpose of winning the war will be turned into commercial uses. If a bill introduced by Senator McNary, of Oregon, is enacted into law, News associations, under the measure, would be permitted at the rate of five cents per word between the Philippine Islands, Hawaii and the United States, and of six cents per word between Asia and the United States.

A Good Cough Medicine for Children Mrs. J. W. Phillips, Redon, Ga., phoned to J. M. Floyd, the merchant there for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold.

138,997 BOTTLES OF BEER SOAKS SEWERS

Zion City, Ill. Nov. 21.—From a platform six feet high 138,997 bottles of 2 3/4 per cent beer to-day were emptied into a specially built trough that ran to an open sewer.

Mayor, W. H. Clendenin poured the first bottle and Chief of Police Becker and his aids finished the operation. The ceremony was postponed several days ago to permit construction of the platform and trough so as to prevent "contamination" of the city's streets. The empty bottles were sold to a junk dealer for \$2.148.

The beer was ordered destroyed by Judge Claire C. Edwards, of the Waukegan Circuit Court, after it had been confiscated when seized from smugglers from Wisconsin.

The time chosen to begin the ceremony was 9 o'clock, when Zion's big bell tolled and every resident kneels at his work and offers a short prayer.

Attorney Forde opened the first two bottles of beer and poured them into a big trough after he had delivered a brief address on prohibition.

At 10 o'clock Wilbur Glenn Voliva, head of the Christian Catholic Apostolic Church, joined the beer pourers. He worked for several hours.

Surgeons agree that in cases of cuts, burns, bruises and wounds the first treatment is most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Ohio County Drug Company.

Children Cry FOR FLETCHER'S CASTORIA

There are 12,000,000 negroes in the United States.

Stop coughing! You rack the lungs and worry the body. Ballard's Horehound Syrup checks irritation, heals the lungs and restores comfortable breathing. Price 25c, 50c and \$1.00 per bottle. Sold by Ohio County Drug Co.

Nothing worth calling good can ever will be started full grown.

Constipation.

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

In 227 American cities of more than 30,000 population, the per capita expenditure exceeded the per capita revenue by an average of \$1.42 in the last fiscal year.

FOR PERSONAL HYGIENE
Dissolved in water for douches stops pelvic catarrh, ulceration and inflammation. Recommended by Lydia E. Pinkham Med. Co. for ten years. A healing wonder for nasal catarrh, sore throat and sore eyes. Economical. Has extraordinary cleansing and germicidal power. Sample Free, 50c. all druggists, or postpaid by mail, The Paxton Toilet Company, Boston, Mass.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weakness they are the supreme remedy, at thousands have testified. FOR KIDNEY, LIVER AND STOMACH TROUBLE it is the best medicine ever sold over a druggist's counter.

POISON LIKE UNTO Vemon of Snakes

Professor H. Strauss, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache, or dizzy, nervous spells, acid stomach; or you have rheumatic pains or lumbago, gout, sciatica when the weather is bad, do not neglect the warning, but try simple means. Take six or eight glasses of water during the day, then obtain at your nearest drug store "An-uric" (anti-uric acid). This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "An-uric" is an antidote for this uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "An-uric" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out toxins. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Mothers use **Frey's Vermifuge** For the Children

A Safe, Old-fashioned Remedy for Worms
Seventy-five years' continuous use is the best testimony FREY'S VERMIFUGE can offer you. Keep a bottle always on hand. It will help keep the little ones happy and healthy. 25c. a bottle at your druggist's or general store; or if your dealer can't supply you send his name and 25c. in stamps and we'll send you a bottle promptly.
